

PROVIDE THE **HIGHEST LEVEL** OF PROTECTION FOR CASH AND VALUABLES TO **INTERNATIONAL STANDARDS**

# EUROPA T2

## BURGLARY & FIRE-RESISTANT PROTECTION

### KEY FEATURES

- Professional high security safe protecting valuables up to the highest certified resistance levels, available in Grades I T2, II T2, III T2 and V T2, certified by ECB•S in accordance with the stringent European standard, EN 1143-1 T2. Europa hereby complies and is certified with the world's strictest requirements for quality and burglary resistance
- EN 1143-1:2019 is the latest version of this globally respected burglary resistant standard. The new T2 classification includes tests with the more powerful and effective versions of the tools available to burglars today: Power tools, grinders, cutters and thermal tools have upgraded performance over earlier models. Europa T2 models provide protection against current and foreseeable future threats.
- Europa Grade I T2 & II T2 are certified NT Fire 017 – 60 Paper for one-hour protection of paper from fire by RISE (Research Institutes of Sweden)
- A choice of locking options are available at additional costs
- Each safe can be equipped with high quality fittings to maximize storage requirements
- Base fixing is standard on all models
- Light grey finish (RAL 9002)

# EUROPA T2

## PRODUCT SPECIFICATIONS

| Model     | Available T2 Grades | External Height | External Width (A) | External Depth (B) | Depth incl. Handle & Hinge (C) | Internal Height | Internal Width (C) | Internal Depth (D) | Depth with Door at 90° Open (E) | Width with Door Fully Open (F) | Capacity (litres) | Net Weight (kg) T2 Grade I/II/III/V |
|-----------|---------------------|-----------------|--------------------|--------------------|--------------------------------|-----------------|--------------------|--------------------|---------------------------------|--------------------------------|-------------------|-------------------------------------|
| M-30      | I                   | 568             | 508                | 450                | 507                            | 400             | 340                | 209                | 904                             | 900                            | 28                | 279/-/-                             |

Grade V has different dimensions for the range from M-140 to M-715 (see data after "/"). Fire protection is only available for sizes in Grade I to II. Standard internal fittings as seen in the illustration. All figures are in millimetres unless otherwise stated.

### LOCKS

All Chubb safes' locks are tested and certified by VdS and conform to standard EN 1300. Europa offers Key Lock and Keyless Combination Locking as standard. A wide variety of electronic, time delay locks can be fitted on request.

### CERTIFICATION

Tested and certified by ECB-S in accordance with the the upgraded T2 certification of the EN 1143-1 standard, incorporating new, more advanced, and powerful tools. A range of tools typically used in burglary attempts were used to test the Europa's level of resistance, from basic equipment such as hammers and simple drills, to sophisticated thermal and electrical equipment, such as oxyacetylene torches and disc cutters.

### OPTIONAL INTERNAL FITTINGS

- Shelf
- Full Width Lockable Drawer (M-60)
- Two Half Width Lockable Drawer (M-115/140 and above)

### DEPOSIT OPTION

Drawer deposit front or rear is available on request. The Europa Deposit version is not certified as is stated hereby in this datasheet.
